GRADING
All courses are semester-long.

Honors courses reflect an additional 2 points and AP courses reflect an additional 7 points, unless the additional points result in a final grade above 100, in which case the student only receives additional points, such that the overall grade does not exceed 100. This weighting may or may not affect a student’s letter grade in the course, are included in the final semester averages, and are calculated in the Core and Overall GPA.

Students may only take Honors courses with the permission of the instructor.

Sophomores may take a maximum of one AP, juniors may take two AP’s and seniors may take up to 4 AP’s. All students enrolled in an AP class sit for the AP exam.

Students usually take 7 courses per semester, one of which is a required Bible course.

A = 90-100  B = 80-89  C = 75-79  D = 70-74  F = 0-69

We do not provide individual class rank.
